Re: Falling Branch Properties, L.L.C. v. Karen Jones

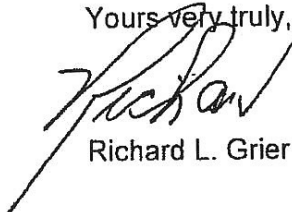

Dear Ron:

You have asked us for a brief summary of the issues and evidence which we propose to present on behalf of Falling Branch Properties, L.L.C. in connection with the above referenced claim. Falling Branch Properties has identified a total of 57 of its checks totaling \$332,441.41 which were converted by Mrs. Jones for her own personal use without the authority of Falling Branch Properties. Karen Jones obtained these funds by either signing her name to the checks or forging the name of James C. Jones. The only authorized signatory on checks by Falling Branch Properties was James C. Jones. The Company has asserted that Mrs. Jones was never authorized to sign checks or withdraw funds from Falling Branch Properties.

The Company believes that this same type of activity was carried out by Ms. Jones with checks of Emergency Medical Leasing, Inc. and Lifeline Emergency Vehicles of Virginia, Incorporated. Also, Lifeline Ambulance Service, Inc. is exploring an array of claims against Mrs. Jones.

We trust this provides the information you requested. If you have further questions, please give me a call.

Yours very truly,

Richard L. Grier
